About Me

Motivated and technically inclined mechanical engineering graduate with a strong desire to transition into the dynamic field of Information Technology. Possessing a solid foundation in engineering principles, problem-solving, and a keen aptitude for learning, I am eager to leverage my skills and adaptability to contribute to IT projects.

Education Background

- **Bachelor Of Engineering (Mech. Engg)**
  Priyadarshini College Of Engineering
  2019 - 2023 | Nagpur,India
  Project
  A system for sound wave packets generation

- **Higher Secondary Education**
  Tip Top Convent Primary to Higher Secondary
  2017 - 2019 | Nagpur,India

- **Secondaey Education**
  Narayana Vidyalayam
  Completed in 2017 | Nagpur,India

Skills

HTML | **CSS** | **BootStrap** | **C** | **C++** |

Java | **DSA** | **OOPS** | **Debug**

Solid Works | **Auto-Cad** | **CatiaV5** |

MS Office Word | **Power Point**

On Going course : Web Development

Achievements

- Achived Certificat of Excellence in Intoduction in Java by Coding Ninjas
- Diligent Developer by Coding Ninjas
- Consistent Coder by Coding Ninjas
- Paticipated in Hackathon in PCE

Hobbies

- Playing Video Games
- Playing Chess
- Searching for New Tech NEWS

Projects

Student Record Manegment System ⬈
Tech Stack : C++,Object oriented Programing(OPPS)
- It has Simple and Userfriendly interface
- It Add,delete,modify and display stored data
- It uses file handlng to store and manipulate data
- Its Primery functions are creating,storing,searching,modifing and deleting data

A System For Sound Wave Packets Generation
Tech Stack : CataV5,M.S Word,M.S Power Point
- It is a research based group project with its model
- Created Designs for model in CataV5
- Created 3D model in CataV5
- Drafted the model design in CataV5
- Contribute in Writing and creating PPts

Tic Tac Toe Game ⬈
Tech Stack : C programing
- Created a simple and userfriendly interface
- Created real game menu
- Auto generated moves against player

### Design and Assembly of Plummer Block
Tech Stack : Soild Works
- Created 2D and 3D models in Solid Works
- Used top to dottom Assembly approach
- Drafted the Assembly in Soild Works

Patents

A System for sound wave packet generation
- The Patent is Published on 24/02/2023
- One of the main inventor within the member
- Its application is in Militry,Medical

Certificates

- C | C++ (Coursera) ⬈
- Java (Coding Ninjas) ⬈
- DSA in Java(Coding Ninjas) ⬈
- Auto-Cad | CatiaV5 | SolidWorks (CADD Center)
